NEW INTERNATIONAL STUDENT ENROLLMENT FALL 2021

The following charts and tables are designed to help a reader understand the current trends in new international student enrollment at the University of New Mexico -UNM. **It is critical to note that the numbers below only include students who: 1. completed the admission process, 2. were admitted to UNM, and 3. received immigration documents from the University.** The numbers **do not** include international students who applied and were not admitted, nor do they include those who were admitted but canceled their admission prior to receiving immigration documents from UNM. These numbers include permanent residents and US citizens only if they are full-time exchange students or intensive English students. These numbers also **do not** include F-1 and J-1 students sponsored by other institutions who enroll part-time at the University of New Mexico.

The statistics included in this report separate the incoming international students at UNM into the following categories:

- Graduate (Doctorate and Masters)
- Undergraduate (Associates and Bachelors)
- Other (Certificate programs, such as Tamarind Professional Printing Program)
- Exchange/Guest students
- Intensive English (CELAC)

Exchange/Guest students are analyzed separately, as these students are not receiving degrees or certificates from the university, but are taking coursework for one semester or year only, pursuant to an agreement between UNM and their home institution. Intensive English students are also listed separately as these students are enrolled in the Center for English Language and American Culture (CELAC) program at UNM, which is a non-transcripted UNM program. If a student is enrolled at UNM on an exchange/guest agreement and is taking classes in the CELAC program, they are counted as exchange/guest and are not in the CELAC number.

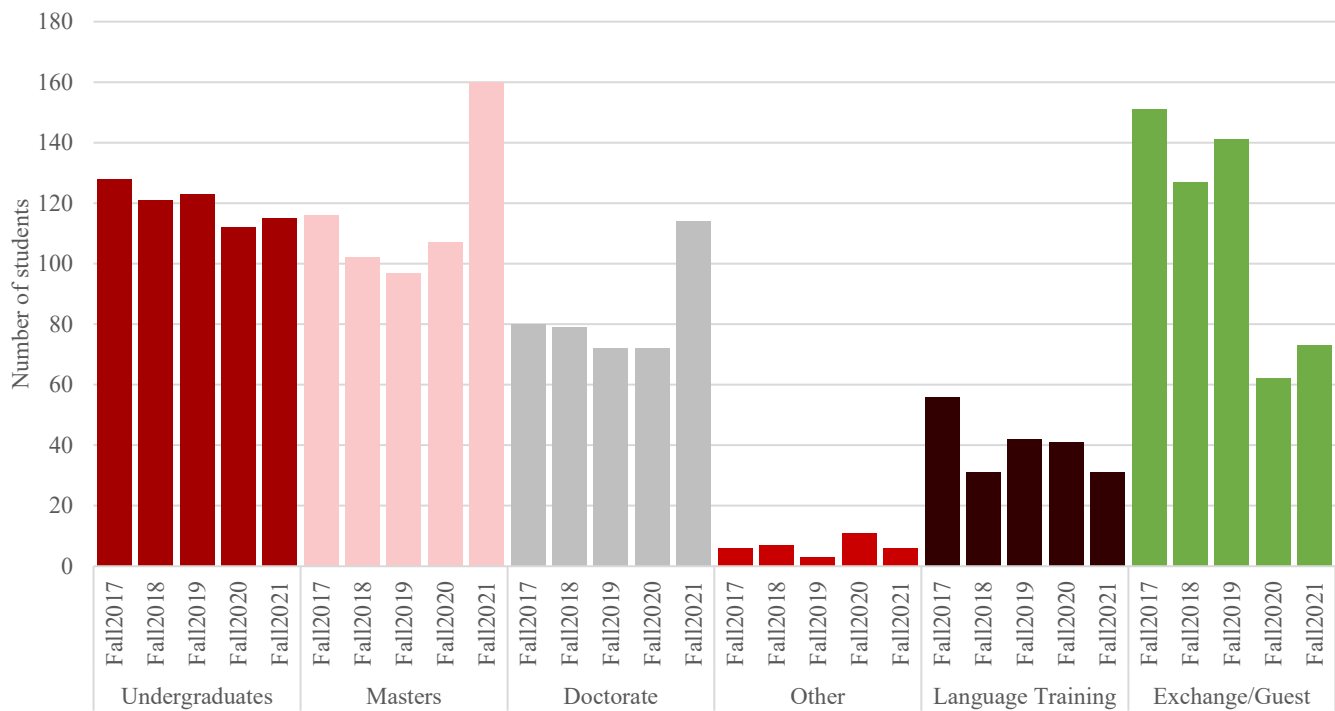

Observations:

- The total number of new international students admitted at UNM in all programs -degree, exchange/guest and CELAC - for Fall 2021 increased by 23.21% over Fall 2020. The total number of new students admitted into degree programs increased by 33.68% over Fall 2020.
- Of those who enrolled at UNM, there was a 130.26% increase in new international graduates (76 to 175), a 52.83% increase in new undergraduates (53 to 81), a 1100% increase in new Exchange/Guest students (4 to 48), and 100% increase (4 to 8) in new full-time Intensive English over last year. These dramatic increases are primarily due to the COVID19 pandemic.
- Of the new international student population enrolling for Fall 2021, Graduate students comprised 55.21%, Undergraduates 25.55%, Exchange/Guest students 15.14% and Intensive English students 2.52% of the total.
- This year 63.53% of all students who completed the admission process enrolled at the university, compared with 34.81% last year. In other words, the yield increased by 28.72% over Fall 2020. Counting degree-seeking students only, the percentage was 65.81% this year and 44.33% last year. In other words, the yield increased by 21.48% over Fall 2020, again primarily due to the pandemic.
- For Fall 2021, newly enrolling students came from 65 countries.

TOTAL ADMITTED INTERNATIONAL STUDENTS

This group consists of all students who were admitted and issued immigration documents for Fall 2021 regardless of whether or not they enrolled at UNM.
