NEW INTERNATIONAL STUDENT ENROLLMENT FALL 2022

The following charts and tables are designed to help a reader understand the current trends in new international student enrollment at the University of New Mexico -UNM. **It is critical to note that the numbers below only include students who: 1. completed the admission process, 2. were admitted to UNM, and 3. received immigration documents from the University.** The numbers **do not** include international students who applied and were not admitted, nor do they include those who were admitted but canceled their admission prior to receiving immigration documents from UNM. These numbers include permanent residents and US citizens only if they are full-time exchange students or intensive English students. These numbers also **do not** include F-1 and J-1 students sponsored by other institutions who enroll part-time at the University of New Mexico.

The statistics included in this report separate the incoming international students at UNM into the following categories:

- Graduate (Doctorate and Masters)
- Undergraduate (Associates and Bachelors)
- Other (Certificate programs, such as Tamarind Professional Printing Program)
- Exchange/Guest students
- Intensive English (CELAC)

Exchange/Guest students are analyzed separately, as these students are not receiving degrees or certificates from the university, but are taking coursework for one semester or year only, pursuant to an agreement between UNM and their home institution. Intensive English students are also listed separately as these students are enrolled in the Center for English Language and American Culture (CELAC) program at UNM, which is a non-transcripted UNM program. If a student is enrolled at UNM on an exchange/guest agreement and is taking classes in the CELAC program, they are counted as exchange/guest and are not in the CELAC number.

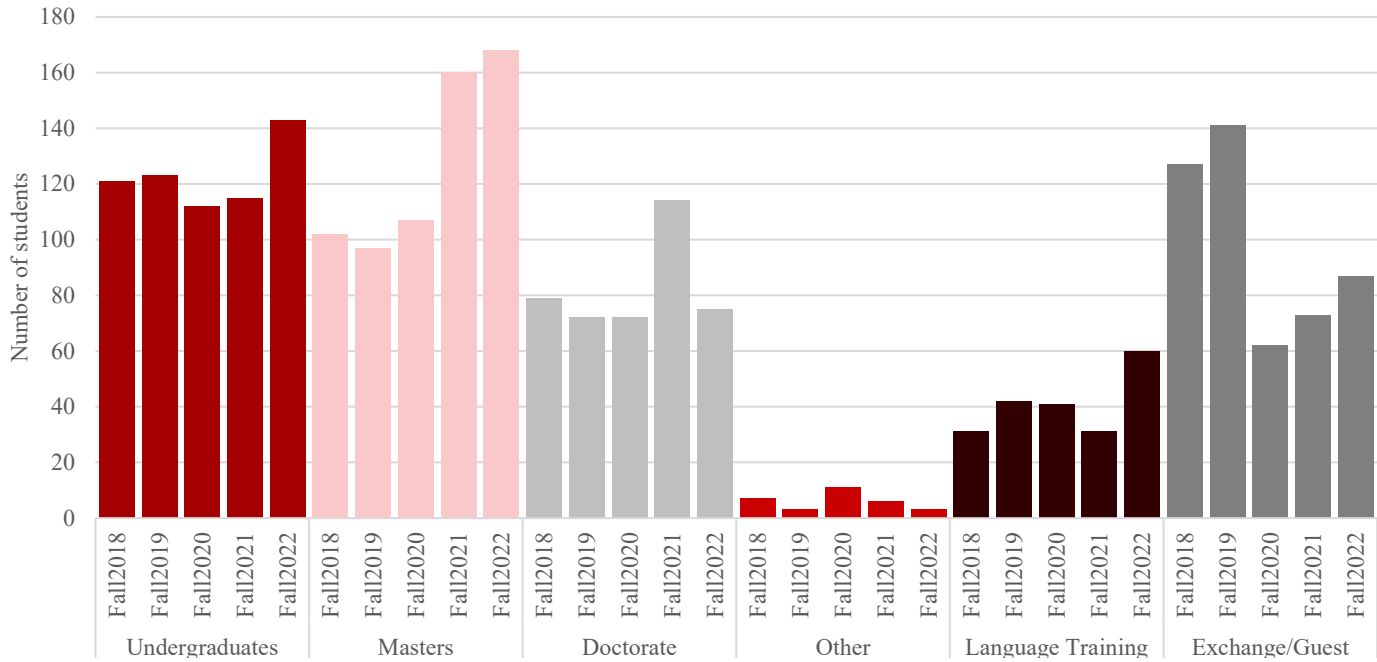

Observations:

- The total number of new international students admitted at UNM in all programs -degree, exchange/guest and CELAC - for Fall 2022 increased by 32.35% over Fall 2021. The total number of new students admitted into degree programs increased by 32.65% over Fall 2021.
- Of those who enrolled at UNM, there was a 16.57% decrease in new international graduates (175 to 146), a 7.41% increase in new undergraduates (81 to 87), a 60.42% increase in new Exchange/Guest students (48 to 77), and 62.5% increase (8 to 13) in new full-time Intensive English over last year.
- Of the new international student population enrolling for Fall 2022, Graduate students comprised 44.79%, Undergraduates 26.69%, Exchange/Guest students 23.62% and Intensive English students 3.99% of the total.
- This year 60.82% of all students who completed the admission process enrolled at the university, compared with 78.27% last year. In other words, the yield decreased by 17.45% over Fall 2021. Counting degree-seeking students only, the percentage was 60.36% this year and 87.97% last year. In other words, the yield decreased by 27.61% over Fall 2021.
- For Fall 2022, newly enrolling students came from 64 countries.
